Portfolio

Education

- Madan Mohan Malaviya University of Technology, Gorakhpur** 2023–2027
B-Tech in Computer Science and Engineering CGPA: 8.37 (Till 6th Sem)
- GAJ College, Toryahi** 2020–2022
Bihar School Examination Board (BSEB), Bihar Percentage: 90.4
- Sanskar Bharti Global School** 2019–2020
Central Board of Secondary Education (CBSE), Delhi Percentage: 82.8

Experience

- Yuga Yatra Retail OPC Private Limited** 1st June – 1st Aug
Software Engineer Intern — Remote — Bengaluru, India
 - Worked on Rishtawaala, an existing matrimonial website, by identifying, debugging, and resolving website issues to improve functionality and user experience.
 - Collaborated with team members to resolve UI inconsistencies, page-level errors, and feature-related problems across the platform.

Projects

- Real-Time Chat Application**   2025
 - Developed a full-stack real-time chat application using the MERN stack and Socket.IO with JWT-based authentication for secure user access.
 - Implemented one-to-one messaging, group chat, user authentication, and real-time message updates for seamless communication between users.
 - Built RESTful backend APIs for user registration, login, chat management, and message handling using Node.js and Express.js.
 - Integrated the React frontend with backend services and Socket.IO to provide a responsive and smooth real-time messaging experience.
 - Tools & Technologies:* MongoDB, Express.js, React.js, Node.js, Socket.IO, JWT
- Trip Mind AI**   2026
 - Developed an AI-powered travel planning application for personalized trip planning and budget management based on user preferences.
 - Implemented travel planning and budget-related features to help users organize destinations, activities, and estimated trip expenses efficiently.
 - Built a responsive and user-friendly frontend using React.js with structured interfaces for trip planning and displaying travel information.
 - Developed backend APIs using Node.js and Express.js for handling application requests and managing trip-related data.
 - Tools & Technologies:* React.js, JavaScript, Node.js, Express.js, MongoDB

Technical Skills

Languages: C++, C, JavaScript, Python

Developer Tools: Git, GitHub, VS Code, Postman

Frameworks: HTML5, CSS3, JavaScript, React.js, Redux Toolkit, Tailwind CSS, Node.js, Express.js, Socket.IO

Cloud / Databases: MongoDB, MySQL

Soft Skills: Problem Solving, Team Collaboration, Communication

Coursework: Data Structures & Algorithms, OOPs, DBMS, Operating Systems, Computer Networks

Areas of Interest: Frontend Development, Full-Stack Web Development, Software Engineering, Problem Solving

Position of Responsibility

Position - Active Member, Music Club – Cultural Synod, MMMUT Gorakhpur 2023 – Present

Achievements

District Topper in Class XII, securing 90.4% 2022

Participated in multiple on-campus hackathons and coding events 2024 – Present

200+ problems solved – LeetCode & CodeChef ongoing

Certification

Deloitte Cyber Job Simulation – Forge June 2026

CodeChef Problem Solving Certificate – 100+ Problems Solved CodeChef — 2026
